

# California OES Weather Threat Briefing

Wednesday, May 12, 2021  
9:00 AM PDT

**Day 1 (Wednesday):** Minor heat impacts are possible across Inland region.

National Weather Service  
Western Region Headquarters  
Regional Operations Center  
Salt Lake City, UT

# **WEATHER KEY POINTS**

**05/12/21 - 05/18/21**

## **Wednesday-Tuesday**

- Temperatures will warm back well above normal through the middle of the week.
- Widespread temperatures in the 90s to lower 100s are expected across the Central Valley and southern California deserts through Thursday
- There is a chance of showers and thunderstorms over northern California and the central mountains on Friday and into the weekend, otherwise no precipitation is expected through early next week. Increased fire weather concerns possible with isolated thunderstorms and continued dry conditions.
- A cooling trend increasingly likely for the weekend into early next week.
